

Prayer during the time of Pandemic:

O God, you have given us the healing presence of your Son, Jesus Christ. We pray for your healing gifts on those who have been infected and affected by this present virus. Help all those who suffer from this influenza outbreak; be with those who care for them; inspire all who seek treatments and cure; preserve us from fear and uncertainty.

Help each of us to be cautious but generous; realistic but caring. Keep us in your great love for in it we are healed, restored, and made anew. All of this we pray in the name of your Risen Son, our Saviour, Jesus Christ.

AMEN
