

**CHRIST'S CHURCH CATHEDRAL, HAMILTON
SYNOD MEMORIAL**

We, the Cathedral Council of Christ's Church Cathedral, strongly encourage the Synod of the Diocese of Niagara to move forward in accordance with Biblical justice, by demonstrating integrity, inclusiveness and courage. This is consistent with Jesus' example in a ministry of transformation in the face of societal norms, multiple barriers of poverty and prejudice, and the assumptions and traditions of the faith in which He was raised.

The Cathedral Council further affirms the direction of Synod of 2007, continuing to embrace the Anglican traditions of diversity of opinion and of practice in unity that does not require unanimity, embracing difference as a positive force in a vibrant and dynamic Christian community.
